

McCain Athletics Networks

Reporting Template

SECTION 1: Network Details

Reporting Period	1 st October – 31 st December 2011
Name of Athletics Networks	South Yorkshire Athletics Network
Number of clubs involved/benefitting from the work of the Network.	10
Name of Network Chair/primary volunteer contact	Steve Gaines
Email address for chair/primary volunteer contact	SandJGAINES@aol.com
Name of Network coordinator/activator (if applicable)	Ashley Little
Email address of Network coordinator/activator (if applicable)	Ashley.little@sysport.co.uk
Please confirm role of person completing this form	Network Development Officer
* If you answered 'NOT Coordinator or Chair' in Q8 please give your name here	
* If you answered 'NOT Coordinator or Chair' in Q8 please give your role within the Network here	
* If you answered 'NOT Coordinator or Chair' in Q8 please give your email address here	

SECTION 2: Coaching

What have you delivered in the quarter you are reporting on in regards to the 'COACHING Objective'.

E.g. Do you have a strategic coaching sub-group? Do you have a mentoring/buddying scheme? Do you have coaching delivery forums/workshops for specific event groups or disciplines?

The Coaching Sub group have met twice within the last quarter, to summarise the delivery of year 1, and to begin organising their projects in the year 2 plan. After the sub group provisionally booked venues and tutors for their year 2 workshops, after the year 2 funding had been secured, all tutors and venues were confirmed. The networks sportivate projects began in this quarter, with sessions taking place in each borough of SY focussing on events that schools can't cater for such as throwing, high jump, hurdles etc. The project provided 8 coaches the opportunity to work with new athletes and existing club athletes which can't access that specific training. Over the 6 week programme the sessions had 27 athletes attend 5 out of the 6 sessions.

The network has submitted a sportivate bid in the second year of the programme. This was compiled by the network club reps and the coach sub group reps. The application was submitted on the 21st of December 2011 for a total request of £2004.

The network high jump training sessions have led on from the sportivate sessions. Clubs expressed that there are a few athletes who are very keen to attend this training session, along with their coaches, to begin some coach mentoring. Currently there are athletes attending the session from Hallamshire, Wombwell, Rotherham & Barnsley. Network wide hurdles training sessions have begun as well, leading on from the sportivate sessions. These are taking place on a Wednesday night at Don Valley and are open to any SY club athlete.

On Saturday 19th of November the Psychology workshop was due to run, unfortunately this was postponed due to low take up after the date clashed with numerous events and competitions. Coaches had stated their interest however had declined due to prior commitments. The coach sub group decided to rearrange the workshop for 21st April 2012.

The coach sub group have also arranged 3 athletics 365 workshops and two coaches' forums to take place throughout 2012. The first two workshops will support coaches in planning their programmes and are booked in for 26th February and 24th March. The first coaches' forum is taking place on the 16th of April and the 3rd workshop which is focusing on the implementation/delivery in clubs is taking place on the 17th of May. The 2nd coaches' forum is to be arranged by the coaches who attend, at a time/ date which suits them best.

The coach sub group have also arranged their two coach days in conjunction with the athletics 365 workshops to enable coaches to gain additional knowledge in different areas. The first coach day will be covering fundamentals, and the second coach day is covering disability.

Over the life of the Network what impact has the work of the Network in relation to COACHING had upon the clubs?

E.g. Does each club have a lead coach/coaching coordinator? Have the clubs within the Network implemented/update their coaching structure? Has there been a perceived improvement in the standard of coaching within the clubs? Have the clubs been able to recruit more coaches or retain coaches for longer as a result of the Network?

Each track and field club within the network meeting group has a dedicated coaching coordinator who attends the coaching sub group quarterly meetings as well as communicating via email and telephone in between the meetings and catch ups with the network coordinator. The clubs coaching co-ordinators have contact details to communicate to their coaches which has made it easier to pass on CPD opportunities, as well as the network coordinator having a SYAN coach database & distribution list to enable direct contact with coaches regarding upcoming opportunities, support and provision. Each of these coaching coordinators takes ownership of at least one of the workshops in the coach development section of the plan, and works with their club and the network coordinator to organise and plan the workshop.

The network coach audit, has allowed a database of coaches to be developed, in which the network coordinator can directly contact coaches regarding upcoming personal development opportunities by both the network, England Athletics, the CSP and other networks, which has allowed a consistent and concise approach on behalf of athletics. It prevents coaches being overruled with opportunities and emails stating the same events. The coordinators database keeps growing and being updated with the addition of young leaders, and SY coaches from outside the engaged network clubs who are attending the workshops provided by the SYAN. Through the partnership with the CSP the network workshops are promoted to South Yorkshire Sports coaches' database, with a minimal charge to create some additional income.

In year one the network clubs all completed a coach matrix, enabling them to analyse their coaching structure, and identify any gaps within their structure. Heading into year 2 the network is looking at supporting clubs implement athletics 365 and how they can implement this within their clubs with the support of the CCSO. During year two the clubs will recomplete a coach matrix to see how their structure has changed, and if any network training sessions can or have overcome specific coach discipline gaps. All clubs with juniors have been provided with three athletics 365 coach packs, so clubs can begin to look at their current coaching structure, and begin implementing the programme either within their current structure, or how they can adapt into a new structure. The network has also used some underspend to purchase some technical cards and game bank resources as an additional resource to coaches in clubs.

Through the coach development workshops and flying coach visits, coaches have been up-skilled in particular event disciplines, and have shown a considerable perceived improvement at their club. 31% of coaches within the network attended 2 or more of the networks workshops in year 1, showing how coaches have bought in to the network concept, and are seeking out development opportunities. Coaches have also increased confidence, which has been perceived when watching their sessions. By providing local CPD opportunities and the courses being recognised on their coach licenses, coaches feel more valued, and have been more committed to supporting clubs and showing their support & help for network events.

On Saturday 24th of September, SYAN coaches supported the annual Action for Blind people Athletics event. 10 coaches from across the county and 6 young leaders helped coach on this event, providing the athletes with the opportunity to try new athletics events. The event saw over 100 visually impaired and blind children have the opportunity to complete 6 different athletics events at EIS, Sheffield, with all being measured to show their performances. The coaches and young leaders also attended a visual awareness course on Friday 23rd for September which was put on for free through Action for Blind People, to provide some information and knowledge to coaches prior to the day.

During year one and the beginning of year 2 the coordinator has been in discussions with Debbie Beresford and supporting the organisation of coach education course being delivered locally.

SECTION 3: Club Structures

What have you delivered in the quarter you are reporting on in regards to the 'CLUB STRUCTURES Objectives'.

E.g. Do you have a Strategic Club sub-group (or similar)? Do you have a separate Volunteer Coordinator sub-group (or similar)? Have you run sessions/workshops on Clubmark? Have you run sessions/workshops on Community links? Have you run sessions/workshops on Whole Club Development? Have you run sessions/workshops on Club Structures? Are recruiting and developing Club Volunteers?

All 6 track and field clubs have a coaching coordinator who is the clubs representative at the coach sub group meetings which meet quarterly. This allows club coaches to directly influence the direction of workshops, seminars, coach development days etc. which the network will organise and host. The coaching coordinators communicate information from coaches into the network group, and also feed information down from the network group to the club coaches. It provides an effective communication pathway to publicise upcoming workshops, courses and any other opportunities.

To engage and interact with the other 20 athletics clubs within the county that focus on road, trail, fell or cross country, and Run England groups, a running

sub group has been meeting quarterly to focus on their specific area of the plan. The running sub group has 4 running club representatives engaged and active within the meetings which have taken place to date. Apologies from other clubs have been made due to date clashes. The running sub group also has a SYCAA rep and Run England Coordinator, Sheffield. The running sub group has begun looking at setting up a 3-2-1 route in each borough. A club in each borough will be taking the lead on arranging this, along with the Run England coordinator & network coordinator. In October 2011, the running sub group ran a Club Compliance evening where club reps went through the whole club plan, and discussed each clubs positive areas, ad areas to improve upon, and gained knowledge from different clubs.

All track and field clubs are club marked or are re-submitting and therefore no workshop is required on junior sectioned club mark at the moment. With the launch of the adult club mark, the local CCSO & network coordinator raised it at the October running sub group meeting to the clubs involved who can begin to look at applying for it. The network is looking to deliver an adult sectioned club mark workshop to up skill running clubs on what it is, and what they are required to do. The coordinator is currently working with the running clubs who don't have an induction pack/ sheet to develop their own. A template has been designed for clubs to use as a base, which will support clubs in creating their own.

The network has arranged 3 athletics 365 workshops to support clubs in beginning to implement the programme as a whole club development tool. Clubs are going to focus on implementing the programme with a select group of athletes, whilst having the support from the whole club and all coaches.

Over the life of the Network what impact has the work of the Network in relation to CLUB STRUCTURES had upon the clubs?

E.g. Do clubs have:

- a volunteer coordinator?
- Clubmark?
- Development and/or Business plans?
- Clearly articulated vision?

Have clubs updated or implemented induction processes for athletes and/or volunteers?

All 6 junior sectioned network clubs are club marked. Doncaster AC has been re-accredited; Rotherham Harriers AC and Wombwell SAC are currently in the re-accreditation process. All Clubs have access to each other's club mark policies which has enabled club sharing of resources and time, enhancing the effects of the network. Clubs going through the re-accreditation process have been communicating and meeting up with other clubs to understand the detail of information required and any problems faced when re-submitting.

Doncaster AC has 3 active volunteer coordinators within their club, and Barnsley AC has one, the remaining track and field clubs have tried to recruit a volunteer coordinator however have not had a great deal of success. In the networks year 2, the clubs will look over the recruitment of a volunteer coordinator in line with implementing the athletics 365 structure.

Doncaster AC has implemented an induction process for disabled athletes who wish to partake in athletics. This involves an athlete pack, an assessment, and athletes being guided to their training group and coach/es. Doncaster AC took the lead on the disability induction pack, and the induction pack has been provided to all network clubs, to encourage fully inclusive athletics clubs within South Yorkshire.

All track and field clubs have got an induction process which takes place for athletes, and all have an induction booklet/sheet which is given to athletes on arrival, and access to a template for inducting parents into the club too. The network coordinator is working with the engaged running sub groups clubs to create induction packs. A template has been designed and issued to all running clubs in the county.

During club night visits in the networks first year by the network coordinator, each network club has completed a volunteer matrix, which allowed clubs to identify strengths within the club and any gaps within the existing clubs structure, which need filling for the club to develop and be sustainable. Network clubs will complete the volunteer matrix again in year 2 to see if the club structures have changed and if the people doing the roles have changed, and to identify any gaps. It will allow the network to see if there are any consistencies and to think about the recruitment opportunities available for the network such as the new sport maker's programme.

Clubs have identified a clear vision on developing 'specific network training sessions' to develop the technically demanding event provision offered to athletes within South Yorkshire. It is clear that clubs cannot cater effectively for all the event disciplines within athletics, and this will encourage network clubs to provide a higher quality of coaching across all of the athletics disciplines. The network identified High Jump and hurdles as the two main disciplines to be begin the network training sessions. High jump training sessions are taking place on a Friday nights at EIS, and are open to any SY club athlete. Hurdles training is taking place on Wednesday nights at Don Valley and are also open to any SY club athlete.

	<p>The network has identified Diana Stranger as disability mentor for the network. She has supported clubs and coaches driving forward inclusivity for all and developing new training sessions. Diana also sits on the disability sub group of the network, and was involved with the action for blind athletics event in September 2011.</p> <p>The network also communicates with the Sheffield Academy of Young Leaders, who have provided volunteers for events, and who the network are currently discussing club volunteering opportunities through individual club reps.</p> <p>The Network delivered an initial Athletics 365 workshop in February 2011 which enabled clubs to see how the new resource and programme can be implemented into clubs, and how the junior club structures can be developed and changed. The network also purchased coach packs for the junior sectioned clubs in their year one, to enable club coaches to begin understanding and implementing the programme. In year two the network has arranged 3 workshops and two coaching forums to provide support and information to clubs and coaches on how to begin fully implementing the programme in clubs and how the structure of their clubs will change. The network are going to drip feed the changes to the clubs gradually, starting with implementing the programme with one group of athletes, but having the whole club supporting and up skilled.</p>	
<p>What percentage of clubs with juniors are using/have access to ATHLETICS 365 resources? 100%</p>	<input checked="" type="checkbox"/> 0 (none) <input type="checkbox"/> Less than 25% <input type="checkbox"/> 25% to 50%	<input type="checkbox"/> 50% to 75% <input type="checkbox"/> More than 75% <input checked="" type="checkbox"/> 100% (All clubs with juniors)
<p>What percentage of clubs with juniors are using/have access to QUADKIDS competition (outside of the school environment)? 0%</p>	<input type="checkbox"/> 0 (none) <input type="checkbox"/> Less than 25% <input type="checkbox"/> 25% to 50%	<input type="checkbox"/> 50% to 75% <input type="checkbox"/> More than 75% <input type="checkbox"/> 100% (All clubs with juniors)
<p>What percentage of clubs with juniors are using/have access to SPORTSHALL competition (outside of the school environment)? 100%</p>	<input type="checkbox"/> 0 (none) <input type="checkbox"/> Less than 25% <input type="checkbox"/> 25% to 50%	<input type="checkbox"/> 50% to 75% <input type="checkbox"/> More than 75% <input checked="" type="checkbox"/> 100% (All clubs with juniors)
<p>What percentage of clubs with juniors have a SCHOOL-CLUB link? 100%</p>	<input type="checkbox"/> 0 (none) <input type="checkbox"/> Less than 25% <input type="checkbox"/> 25% to 50%	<input type="checkbox"/> 50% to 75% <input type="checkbox"/> More than 75% <input checked="" type="checkbox"/> 100% (All clubs with juniors)
<p>What percentage of clubs with juniors have ACCREDITED CLUB STATUS (Clubmark)? (It is a condition of funding that all clubs in the Network with juniors must be accredited by 2012) 100%</p>	<input type="checkbox"/> 0 (none) <input type="checkbox"/> Less than 25% <input type="checkbox"/> 25% to 50%	<input type="checkbox"/> 50% to 75% <input type="checkbox"/> More than 75% <input checked="" type="checkbox"/> 100% (All clubs with juniors)

SECTION 4: Club Sharing

<p>What have you delivered in the quarter you are reporting on in regards to the 'CLUB SHARING' Objectives. E.g. Has the Network got a sustainable structure that allows regular cross-club communication? Is this done through one central Network level meeting or through multiple sub-groups/focus groups in more specialised areas?</p>	<p>The South Yorkshire athletics network has multiple sub groups which feed directly into the overall network group. In this quarter the coach development, running sub group and network meeting group have met. The sub groups focus on a specialised area to enable the network to develop athletics across the county in various different ways whilst engaging more than one rep from each club. Each sub group has developed their own section of the year 2 plan in which they are leading on.</p> <p>Each subgroup has one club representative that attends the required meetings, these meetings run quarterly for each sub group, in line with the</p>
--	--

quarterly reporting periods. Each sub group has its own chair, who takes the lead of the sub group and driving their section of the plan forward.

The four local borough athletics development groups are also involved within the network, providing information on local needs/wants and on local impact which is fed directly back into the network meeting group via the club reps for that borough.

Each club actively involved in the network has elected to take the lead on a specific project within the year 2 plan, whether this is a workshop or officials database or disability star track. All clubs are sharing their club mark files and resources to support clubs currently re-submitting.

The networks website is fully up and running and is available for clubs and coaches to share information, access information about the network and upcoming events, to enable coaches to sign up to network ran courses/workshops and access resources from the network. To date there have been over 2000 views of the website, with numbers increasing rapidly. The website provides meeting minutes, the quarterly reports, and meeting agendas, news items of the network and contact information.

The network has had its fourth issue of its newsletter printed, which has been distributed to all network clubs, partners, stakeholders, schools, facilities and more to showcase the news stories of the network.

The network completed the delivery of their sportivate project. The network delivered 4 projects (one in each borough) which ran for 6 weeks, with 1.5 hours per week. The sessions focussed on specific disciplines e.g. high jump, pole vault, heavy throws etc. All participants were given information on their local athletics club and encouraged to progress to a club. 27 participants attended the 5 out of 6 sessions across the four projects, with 20 of them being retained in club training sessions to date. The network has submitted another sportivate bid for a total of £2004; the network should hear whether their application has been successful towards the end of January/ beginning of February.

The network has set up two network wide training sessions. The high jump training sessions have led on from the sportivate sessions. Clubs expressed that there are a few athletes who are very keen to attend this training session, along with their coaches, to begin some coach mentoring. Currently there are athletes attending the session from Hallamshire, Wombwell, Rotherham & Barnsley. Network wide hurdles training sessions have begun as well, leading on from the sportivate sessions. These are taking place on a Wednesday night at Don Valley and are open to any SY club athlete.

SECTION 5: Wider Partnerships

What have you delivered in the quarter you are reporting on in regards to the 'WIDER PARTNERSHIPS' Objectives?

E.g. What relationship/partnership do you have with the following organisations or bodies:

- County Sports Partnerships or local authorities
- School Sports Partnerships (PDMs, SSCOs, Competition Managers, Schools and teachers)
- Further Education (Colleges) or higher education (universities)
- Run in England
- QuadKids and/or Sportshall
- Others (specify - for example Trusts, sponsors, facility providers, Primary Care Trusts, businesses, other sporting clubs, press and media)

What form does this relationship take:

- written/verbal agreements
- representation at meetings/on committees
- informal communication
- other (please specify)

The SYAN has many active partnerships that are involved with the networks delivery and developments through the different sub groups, telephone communication and email communication, which is directly feedback into the SYAN group meetings. All partners have a representative at the most appropriate meeting for them to attend, and are involved in discussions through informal communication by emails. Some partners attend the local athletics development group meetings to feed their ideas in to the network through that channel of communication.

The Disability Sub Group meeting has the following partner representatives from: SY Sport Equity officer, 1 x DMBC rep, 2 x Doncaster AC reps and Chair of Doncaster Disability Sports, 1 x Rotherham Harriers rep, 1 x Hallamshire Harriers rep. This group is linking in with the SY disability action group to enable maximum impact.

In the Network Group meetings there are partner representatives from: South Yorkshire Sport, as well as England Athletics reps and the network club representatives.

The running sub group has representatives from: SYCAA, Run England, SYAN, SY running club representatives, and both Sheffield University Representatives.

The network has a great partnership with Run England at both strategic and working levels. As a key partner in the Sheffield project management group, the network is developing 3-2-1 routes, with Run England to show locations of clubs, Run England groups, Park Runs / regular sessions, so that potential new and existing participants can locate their nearest club / run.

	<p>The networks partnership with Dorothy Hyman stadiums facilities manager is growing; £30 is the rate at which the network can hire a classroom and parts of the track for, over a 3-5 hour period, which is considerably cheaper than other places. The network are utilising this venue more regularly due to the cost effectiveness.</p> <p>South Yorkshire Sport and the network are currently working together to develop community volunteering placements within athletics clubs. All network clubs have been directed to the CSP to provide sport maker opportunities in network clubs for coaching, officiating, administration duties and on off event/ competition support.</p> <p>To raise the profile of the network it was decided to produce a quarterly newsletter. The fourth issue of the newsletter has been distributed to all network clubs, partners, stakeholders, schools and more to showcase the news stories of the network. The network also has its own website that is accessible to all, where resources can be shared amongst the clubs and its coaches.</p>
--	---

SECTION 6: Growing and Sustaining Participation, and developing athlete performance (Excel)

<p>What has been delivered in the period you are reporting on with respect to GROWING participation? E.g. Has the Network as a whole or as individual clubs implemented the Run in England initiative, School-Club links, Star Track projects in the community, development of after-school/satellite 'clubs' or other initiatives targeted at specific sectors of the community or events (e.g. recruiting around a road race)? Tell us about any increased numbers, whether in club membership or involvement in satellite groups or events (e.g. after-school or Run in England groups), to support your quarterly report.</p>	<p>In this quarter the network completed the delivery of their sportivate project, utilising eight network coaches (from across 4 of the 6 network track and field clubs). All attendees were signposted to their local club, after the 6 week block of sessions. 75% of the participants have been attending coached sessions based out of a club in South Yorkshire to date.</p> <p>Sheffield Hallam University currently organise a park run every Saturday which people must be a member for, they are currently looking at increasing their number of members, with weekly attendance almost achieving its maximum number.</p> <p>Five Run in England groups are running which are linked in to network clubs, one has been set up by Team Manvers in Rotherham, a Rotherham Walking group and the other has been set up by Sheffield Running Club. The running sub group and the Run Sheffield management group are working on linking the other 5-6 run England groups within SY into the running sub group, and exit routes with clubs. The network has also put the development of 3-2-1 routes into their year 2 plan and is beginning the planning process for the implementation of the first one.</p>
<p>The number of weekly RIE groups that take place by the clubs within the network or coordinated directly be network?</p>	<p>Rotherham Harriers AC runs 2 Team Manvers Sheffield Running Club Rotherham Walking Group Wombwell</p>
<p>What has been delivered in the period you are reporting on with respect to SUSTAINING participation? E.g. Development of club volunteers or coaches? Implementation of Athletics 365? Improved induction processes? Improved communication at club level? Greater dialogue with athletes on their needs? Increased diversity of events (training and competition) undertaken by those under the age of 17 (less narrow specialisation)? More social events/interaction?</p>	<p>As a follow up to the athletics 365 workshop, the network have purchased some technical cards and game bank resources for the network clubs, so that coaches have access to a range of resources to implement athletics 365. Coaches have been given the dates, times and venues for all A365 workshops and coaches forums taking place throughout year 2.</p> <p>All clubs have an induction process for athletes, and an induction pack which is given to athletes on their arrival. All clubs now have access to the disability induction pack that Doncaster AC produced. The network clubs also have access to a parent induction pack template that they can adapt to the needs of their individual club, aiming to welcome parents into the club as well as the athlete. Throughout year 2, the clubs are going to begin implementing Athletics 365 and begin looking at how their club structures will change by implementing this programme.</p> <p>The network is using email communication to coaches at club level through the information gained via the coach audit; this enables coaches to be directly contacted about CPD opportunities or only from the network but by the local CCSO, CSP and other networks. The network are looking at coach web as</p> <p>Having the different sub groups within the network has enabled different club representatives being involved with the networks delivery, providing support across all disciplines within athletics and a having a successful framework to sustain the network beyond year 3.</p>
<p>What has been delivered in the period you are reporting on with respect to DEVELOPING ATHLETE</p>	<p>All clubs with junior sections across South Yorkshire have been provided with 3 athletics 365 coach packs, and had the opportunity to attend the initial</p>

<p>PERFORMANCE (Excel)? E.g. Implementation of more appropriate local level competition (including Sportshall, QuadKids, Super8)? Utilisation of Athletics 365 resource? Regular support and development of athletes' coaches? Tell us about any trends or improvements in Power of 10 to support your quarterly report.</p>	<p>athletics 365 workshop. By providing the clubs with the coach pack resources, it has enabled the clubs to begin looking at implementing the athletics 365 programme into their coaching session enabling the coach to develop a whole round athlete. The network have purchased some technical cards and game bank resources to allow coaches access to a greater variety of athletics 365 ideas, as well as providing a greater range of resources to be shared amongst coaches. The network has also arranged 3 A365 workshops and two coaches' forums to support the implementation of A365 successfully across South Yorkshire.</p> <p>All coaches have had the LCDP promoted to them as well as an upcoming workshops poster that the network is delivering and neighbouring network opportunities, to enable them to get the dates in their diaries early.</p>
<p>What is your estimate of the number of people from OUTSIDE of your clubs' membership (new to the sport) who are benefiting from your Network for this reporting period? E.g. after-school clubs, School-Club link, Run in England, Star Track, or any other out-reach project. (Please give answer in numerals)</p>	<p>172</p>
<p>What is your estimate of the number of ATHLETES from within your clubs' membership who are benefiting from your Network for this reporting period? (Please answer in numerals)</p>	<p>1037</p>
<p>What is your estimate of the number of COACHES across your clubs' who are benefiting from your Network for this reporting period? (Please answer in numerals)</p>	<p>215</p>

SECTION 7: Sustainability and Financial Reporting

<p>For period you are reporting on what has the Network implemented or developed to ensure the Network and Clubs become sustainable? E.g. fundraising, sponsorship, increased membership revenue, increased revenue from competition provision, rationalisation to reduce costs (travel, competition, venue hire, etc), income from provision of services/activities/goods, or other non-sporting/social revenue streams.</p>	<p>The network delivered the sportivate projects that it applied for during year one. The network applied for £3784, which is all additional income into the network. All of the funding will be spent on the sportivate projects, however it has added value to the networks delivery, and provided local coaches with the opportunity of being paid for the 6 weeks block of coaching.</p> <p>The network is continuing to rent out the two gantries for £50 each per day. Although the network is currently reviewing the pricing structure of the equipment it has for rental. The gantries have been to varying places across the country and have provided the network with an income of £700 for the rental of the gantries in the first year. Whilst this is not a large amount of income, it is a sustainable source, and has the capacity to be developed to ensure a constant stream of income.</p> <p>The network has also begun charging a minimal fee of £5 for SYAN club coaches and £10 for non SYAN coaches on their workshops, to create some income, and begin enabling the workshops to be sustainable.</p> <p>The Management group are beginning to look at external funding sources, and begin planning for year 3 sustainability and beyond. The group are beginning to collate examples from neighbouring networks to see what may be adopted for the SYAN.</p>
<p>With regards to the England Athletics funding contributed to the Network (funded from Sport England, McCain and affiliation/registration revenue) is your spending consistent with your profiled spend agreed within your Network plan. Please identify any variations.</p>	<p>The actual money spent from the year 2 plan to date: (31st December 2011):</p> <p>The ADO Employment: £3503.14 SY Sport Management Fee: £2000 Quarterly Newsletter: £268</p> <p>The current expenditure committed and currently being processed is: Plyometrics Workshop Tutor & Venue: £250 Athletics 365 Programme: £203.55 Athletics 365 Game Bank Resources & Technical Cards: £756 High Visibility Vests: £408 Run England Log Books: £245 Committee Member Jackets: £253 Coach Development Days: £97.55 Injury Prevention Tutor: £120 Sub Totalling: £2333.10</p> <p>Totalling: £8104.25</p>

SECTION 8A: Coach Education

Here we will ask you to forecast your demand for coach education courses over the coming 12 months so that England Athletics can work to ensure the appropriate courses are available wherever possible.

There are two planning periods and two delivery periods in each coach education delivery Year (1st April-31st March)

SUMMER PROGRAMME: PLANNING PERIOD NOVEMBER TO MID-JANUARY/ DELIVERY PERIOD 1ST APRIL – 30TH SEPTEMBER

WINTER PROGRAMME: PLANNING PERIOD MAY TO MID-JULY/ DELIVERY PERIOD 1ST OCTOBER – 31ST MARCH

If you are submitting information for the Summer delivery period, please complete the information below as part of the **July-September report** 31st October deadline
If you are submitting information for the Winter delivery period, please complete the information below as part of the **January – March report** 30th April deadline.

IF YOU ARE SUBMITTING A JANUARY OR JULY REPORT, THEN PLEASE ENTER '0' IN EACH BOX.

Please indicate the number of places your network has identified for each of the following courses Please note we have limited ability to adjust availability for this period but will endeavour to do so where possible.

Please give your answer in numerals. If you do not require any courses please write "0" in the relevant box.

Athletics Leader	0
Leadership in Running Fitness	0
Coaching Assistant	0
Athletics Coach	0
Running Coach	0
Children's Coach	0

SECTION 8B: Coach Education

Closed Course Request

You can request a closed course if you have a large number of candidates looking to undertake an award at any one time. Closed courses will not be advertised on the England Athletics Website. You can also suggest dates and venues for the course to ensure that it fits your local need identified through your local coach audits. All terms and conditions are available on request from your area Coach Education Coordinator.

To request a closed course you must have the following number of candidates confirmed:

- Athletics Leader: 8-24
- Leadership in Running Fitness: 12-24
- Coaching Assistant: 12-18
- Athletics Coach/Running Coach/Children's Coach: 12-16

By requesting a closed course please be aware that there are no guarantees that it will be possible to deliver the requested course and that you are confirming that you agree to the England Athletics Closed Course Terms and Conditions.

Please outline your request for the following Closed Courses. Your Education Co-ordinator will then be in touch with you to find out more information on the course you require and then can consider the feasibility of running a course in your McCain Athletics Network area.

If you do not require any closed courses please click next at the bottom of this page to complete your reporting.

England Athletics will endeavour to provide courses required whether closed or open for your Network in line with identified need.

Athletics Leader - Closed Course Please state number of candidates you are requesting a closed course for	0
